▪ **THRIFTY CONTINUES CHARITY FUNDRAISING SUCCESS**

Thrifty Car & Van Rental is celebrating another successful year of charity work, having raised more than £47,000 in 2011.

The significant amount has been split between causes close to the company's heart, with 25% going towards the chairman's charity fund, which helps a wealth of deserving foundations and the remaining 75% divided between Help for Heroes and Exeter based charity Hospiscare.

Monies have been raised in a variety of ways with dedicated staff taking part in a number of fundraising activities including dress down days, raffles and various sponsored activities. A large proportion of the monies has been generated via the website - £1 from each online booking made is generously split between the three foundations.

Linda Maliff, director of central services for Thrifty Car & Van Rental, commented:

"Charities rely on individuals and companies like us to raise money to help them continue providing their vital services. Here at Thrifty we're thrilled to have raised such a significant amount throughout 2011 and our dedicated staff are eager to continue fundraising in 2012."
