

■ STAFF AT THRIFTY LEEDS RESCUE A FURY FRIEND THIS CHRISTMAS

'TC' outside Thrifty Leeds

Situated on the outskirts of a major city centre, staff at Thrifty Car and Van Rental's Leeds' branch couldn't believe their eyes when an adorable kitten turned up on their doorstep.

At around four months old, the beautiful kitty was found at the back of the building, and was at first, incredibly shy. Doting staff rallied round to make the fury friend feel at home, and named him 'TC' – Top Cat AKA Thrifty Cat. TC was soon ruling the roost and each evening would dash into the office where he would bed down for the night.

Karen Briggs, branch manager at Thrifty Leeds, says: "We couldn't believe it when we found a kitten at the branch; he was so beautiful that all the staff immediately

fell in love with him. Having liaised closely with the local animal rescue centre, our newest member of staff was thrilled to be able to adopt TC and give him a loving home. He's now living the life of luxury and being totally spoiled rotten by Ainslie, her sister and mum."
